Verse 1

Bm C# D

Em Bm A

Bm C# D

A Em

I was down and I was out
I could not go again
My lonely heart had hit the ground
You pulled me closer
You pulled me closer

Pre-Chorus

Bm A Em

Oh, You're rising like a flame
Come find me in the fire
Make me as pure gold

Chorus

G Bm D A

You give me strength to rise again
Strength to go again
When my heart was full of doubt
You're the one that pulled me out

Verse 2

You swear to me You'll never leave
Spirit light the way
Your constant grace upon my life
Pulls me closer
It pulls me closer
